Instructions

Your teacher will write twelve key words on the board. Choose nine of these words and fill in the nine squares below. Listen to the definitions of the twelve words, one at a time, in random order. Cross off the words if and when they match the definitions. When someone calls a line (horizontal, vertical or diagonal), they read back the key words and their meanings. Then proceed to a full house. Again, the winner reads back the words and meanings. The rest of the class will be asked to agree or disagree with the student's answers.
